

How to Register a Finished Cosmetic Product in China?

Background

On January 1, 2021, the Cosmetic Supervision and Administration Regulation (CSAR) came into force as the overarching cosmetic regulation in China. This brought about significant changes in the management of finished cosmetic products in China.

In China, finished cosmetic products are either classified as ordinary or special cosmetic products. This classification determines how the products are managed for compliance on the Chinese market.

Regulation Target:

- > Finished cosmetic product manufacturers, distributors, and traders; and
- > Domestic Responsible Persons in China.

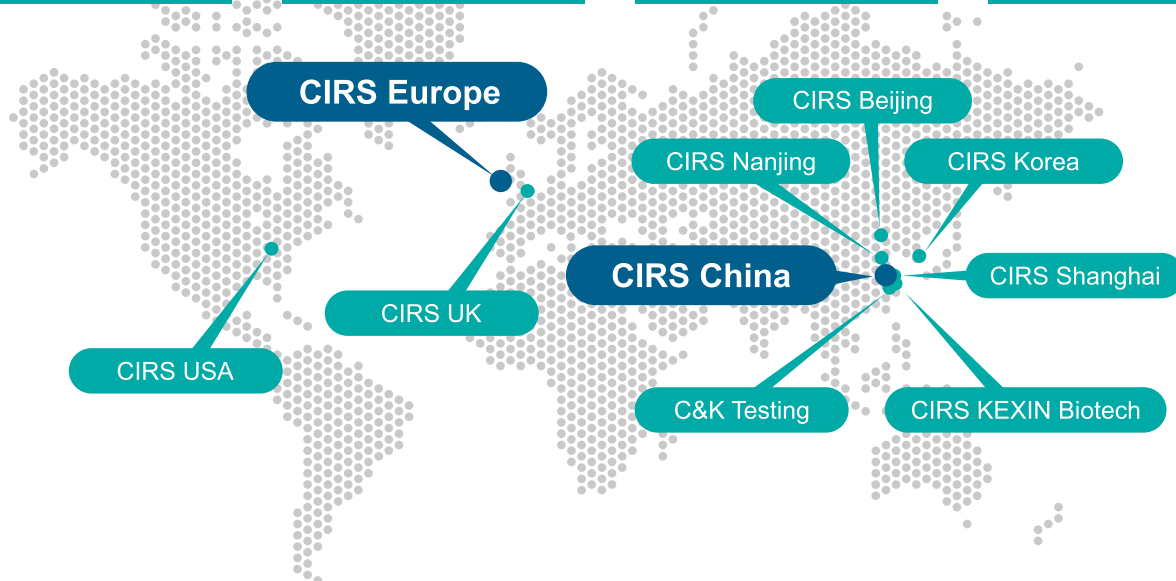

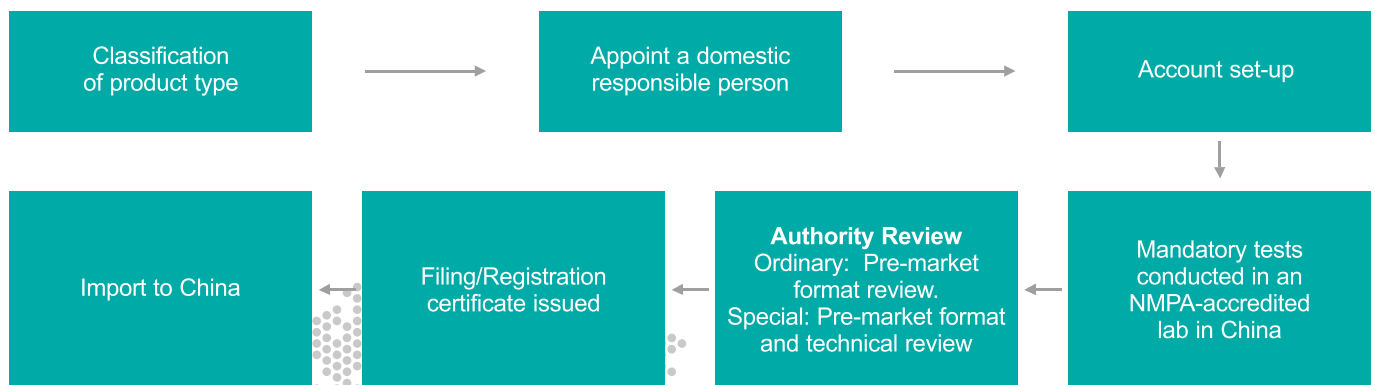

CIRS Services

- Filing/registration of ordinary and special cosmetics;
- Domestic responsible person service;
- Test coordination in China;
- Safety assessment report preparation;
- Efficacy evaluation; and
- Training and consulting services.

Classification of Finished Cosmetic Products:

Special	Ordinary	Other
Hair dye	Cosmetics that are not special cosmetics	Toothpaste
Hair perm		
Freckle-removing		
Sunscreen		Soap (with no special claims)
Anti-hair loss		
Products with new efficacy claims		

Steps for ensuring your finished cosmetic products are compliant in China.
